

The **U.S.-ROK-Japan Trilateral Global Leadership Youth Summit** is a new annual youth leadership initiative implemented by the East-West Center, with funding and support from U.S. Embassies in Seoul and Tokyo as well as the Ministry of Education of the Republic of Korea. This program is for emerging leaders based in the United States, South Korea, and Japan, with additional representation from Southeast Asia and the Pacific Islands. Participants will take part in an online workshop series before capping off their journey in Busan, South Korea to represent their countries at a 3-day summit. This summit will give youth the unique opportunity to work together with a diverse group of their peers to discuss and act on some of the most pressing global challenges facing the world today.
