## WHAT IS A MUN CONFERENCE?

A Model United Nations -MUN- is an educational simulation of the UN System where students can learn about diplomacy and international relations. During a MUN Conference, students work as delegates at the UN, to solve specific problems together with other international delegates. MUN teaches participants research, speaking, debating, and writing skills, along with critical thinking, teamwork, and leadership abilities. It is meant to engage students and allow them to develop deeper understanding of current world issues.

# BUILD YOUR FUTURE WITH CHANGE THE WORLD ACADEMY

Change the World is not just a Model UN. It is a unique educational experience that allows you to acquire fundamental skills for your future career.

To take part in Change the World Singapore means to become part of the world's biggest community of students who are interested in geopolitics, international relations, economics, sustainability and Human Rights respect. It means to become part of the CWMUN Academy!

The work in class is featured by the learning-by-doing approach and by other innovative educational methods. The new formula gives you the opportunity to vary among many different contents and new experiences by mixing theory with many hands-on working sessions.

# INNOVATIVE TRAINING PACK INCLUDES

## MUN TRAINING

The MUN training is the way to acquire all the knowledge to wear the shoes of a United Nations Ambassador and is supported by our tutors. It is an effective online course with training sessions of two hours each via Zoom interspersed with additional Briefing meetings where the student has the opportunity to crystallize what has been learnt also through dedicated Q&A sessions.

## MASTERCLASSES

Masterclasses are debate sessions about international trend topics, from Climate Change to Artificial Intelligence, from the War and Peace dichotomy to Food Sustainability and Health. Unmissable debates and masterclasses on international news. During the training course you will be able to access exclusive masterclasses with professionals. Get inspired by our great keynotes speakers.

## CW E-LEARNING

Browse among dozens of video content and additional educational resources to enrich your international relations, history and international organizations background knowledge.

## CWMUN TALKS

CWMUN Talks are interactive and international sessions. They are essential moments of debate where students coming from everywhere in the world and from different CWMUN teams get to know each other and start a two hours discussion about a specific topic via Zoom. To get to know the perspective that a colleague coming from Europe, Asia, Africa or America may have about a topic will help you open your mind towards new, still unexplored, horizons.

## VIRTUAL MUN®

The 3-days warm-up event is meant to let you practice the mechanics of the Conference. The working sessions for each Committee will take place in real time through Zoom. It is a fun and highly interactive experience

## BRITISH ENGLISH - OFFICIAL LANGUAGE

The entire training activity (training course, meetings and preparation material) is held in English. English is also the only official language of the CWMUN event. It means that all debates and interactions between students must necessarily take place in English. The use of any other language is not allowed.

## THE EVENT IN SINGAPORE

Known as the 'diamond of Asia', Singapore is a microcosm governed by unusual and unexpected balances, in which present and past come together in a human and landscape variety that never ceases to surprise and fascinate. Officially recognised as a republic, Singapore is a city-state built on 63 different islands that form part of the Malay Peninsula. Four different languages are spoken here and as many as five religions (Buddhism, Taoism, Hinduism, Islam, Catholicism) coexist. Hindu and Taoist temples live alongside beautiful mosques and there is a multicultural, dynamic and exciting atmosphere.

## WORKING SESSION

CWMUN working sessions take place in large dedicated spaces that allow participants to work with their peers in the different Commissions.

The Suntec Singapore International Convention & Exhibition Centre will be the venue for CWMUN Singapore.

# GAME CHANGER

Associazione Diplomatici & Change the World devote special attention to the process of how to be or become a game changer. A game changer is a person who knows how to redefine the playing field, to renew the rules without violating them and that never gives up, not even in front of what seems impossible.

**Today, being a Game Changer is a challenge for all of us.**

Everyone needs to be creative, curious, inspiring, challenging towards common ways of thinking and always respecting our interlocutors. Everyone can make a difference, as yesterday did personalities like Galileo Galilei, Gandhi, Martin Luther King and as many other inspiring people of contemporary history are doing today.

*Be the next Game Changer!*
