

## ISF KOREAN CLASS (2025 Spring)

### Greetings from International Student Fellowship (ISF)!

ISF is an official student club of Seoul National University, having the purpose of helping international students study the Korean language and fostering friendship between students. We have been offering Korean language classes for foreign students and professors for the last 25 years.

We cordially invite you to join our Korean language class for the 2025 Spring semester. We hope you have a great experience learning the Korean language and its cultural tradition.

Due to high demand, our Korean language class will be divided into Tuesday and Thursday sessions: the Tuesday class will focus on basic Korean for exchange students who want to build a strong foundation in a fun and engaging way, while the Thursday class will offer intermediate to advanced lessons for degree-seeking undergraduate, graduate students, postdoctoral researchers and professors who plan to stay in Korea long-term for academic, professional, or immigration purposes, with instructors assigned accordingly.

You are also welcome to inform others of this class and club and recommend them to join our class and activities! If you have more questions, please send us Kakao Talk message → Korean Class: **SarahRomans0839** (Kakao Talk ID, Ms. Min)

### **ISF Women's Club for Wives of International Students**

The ISF Women's Club is a community for international students' wives and their children, meeting every Friday at 10:30 AM near Exit 1 of Nakseongdae Station. This gathering provides opportunities for social interaction through various activities, including tea time, hand drip coffee, bead art, knitting, flower arranging, quilting, and more. Additionally, fun playtime and developmental classes are available for children.

Since our goal is to help families settle successfully in Korea, priority is given to those who plan to stay long-term, such as international students, postdoctoral researchers, and professors' spouses. Due to the number of instructors and space limitations, enrollment may be limited this semester. However, if you leave your contact information, we may be able to reach out to you for the next semester.

Our first session on March 21st will be a special welcome event, and we sincerely invite you to join us! To help us prepare for this event, we kindly ask you to register separately for the welcome event and for the regular classes. Please ensure you use the appropriate links for each. Thank you, and we look forward to meeting you!
